Aberdeen Performing Arts Center Fundraiser for a Piano And Lights

The Aberdeen Arts Council is raising money for a piano and additional lights that were not included in the building costs of the new Performing Arts Center. The estimated cost of the Piano is \$35,000 and the additional lights will cost around \$65,000. Altogether we are seeking to raise \$100,000 for this project through Seat Donations. In recognition of every donation of \$250.00 or more, we will place a small plaque on one of the seats in the new Performing Arts Center. We recognize that this is a very ambitious goal, but we also know of the generous spirit of the Aberdeen people and we appreciate their support of the Arts.

The Aberdeen Arts Council is 501(c)3 non-profit and all donations are tax-deductible.
